

Breakfast Series at Mar-a-Lago

What to Know

Please read before registering yourself or your guests.

AT A GLANCE

Register in advance through your member portal. Only guests registered through the portal will be admitted.

Registration closes 3 business days before each breakfast, when our guest list is submitted for security clearance.

The exact name of each person attending must be on the registration. The registered name must match their photo ID.

REGISTERING — PLEASE READ CAREFULLY

- 1 Self-registration is required.** Guests must register themselves and any of their guests, as Chamber staff are not able to register guests.
- 2 Register each guest individually with their own name, email, and mobile number.** If you're registering a table, do not use your own email or your company's main line for everyone — each attendee needs their own. Mar-a-Lago will send a unique QR code by text to each guest.
- 3 The person registered must be the person who attends.** If plans change, update the name in the portal before the deadline. Once our list is submitted, names are final. **The Secret Service will not allow last-minute substitutions, even at a sponsored table.**

Registering a sponsor table? We recommend collecting your guests' names and contact details well ahead of the deadline.

3-BUSINESS-DAY REGISTRATION DEADLINE

Because Mar-a-Lago is secured by the U.S. Secret Service, our guest list must be submitted in advance for clearance. **Registration closes 3 business days before each breakfast, and once submitted the list is final - no names can be added.** There will be no walk-ins or ticket sales at the door.

For example: a Tuesday breakfast closes the prior Thursday. The registration deadline for each breakfast will be clearly posted in advance.

WHAT YOU'LL RECEIVE

Once registered, each guest will receive:

- A **confirmation email from the Chamber**, sent to the guest's email address.
- A **unique QR code by text from Mar-a-Lago**, sent to the guest's own mobile the day before the breakfast.

BOTH the confirmation email and the QR code text, along with a photo ID, are required for entry to the breakfast.
